This week you have different ativities to work on.

1. Watch this video [What I can see from my balcony- Micah](#)  
In the video you will see Micah at home, she explains you the different things she can see from her balcony.

## GRAMMAR EXPLANATION

### ADJECTIVES

They describe or give information about nouns or pronouns. We never pluralize them. Example:

Butterflies are beautiful.

They are divided into short and long adjectives.

### COMPARATIVE

They are used to show what quality one thing has more or less than the other. Example:

An ant is smaller than a snail.  
(Short adjective)

A tiger is more dangerous than a cat.  
(Long adjective)

### SUPERLATIVES

The superlative form is used to say what thing or person has the most of a particular quality. Example:

People say that the gorilla is the biggest animal in the world. (Short adjective)

I think that the most dangerous animal is the lion. (Long adjective)

But there are irregular adjectives that change when using a comparative or a superlative form. Examples:

Good

Bad

Far

Better

Worse

Further/Farther

The best

The worst

The furthest/ the farthest
